

Dear RLBC congregation:

It was so great to see everyone on our first Sunday worshipping in person. It was a wonderful time!

The Re-Opening Task Force would like to thank you all for your mindfulness in hand sanitizing, masking, distancing, and visiting outside. One thing that was not announced ahead of time was that every other pew was blocked off to assist in distancing—and the vast majority of you got it right on the very first try! So thank you for that and keep up the good work.

We hope to see you all on future Sundays and we encourage you to keep up the good work of keeping each other safe as we navigate our return to full function. We look forward to seeing all of you and more in the future!
